Fundación PortAventura

A night that embraces many lives

At the **PortAventura Foundation**, we work to restore hope to those who need it most.

We are a non-profit organization that focuses on **children and adolescents in vulnerable situations**, with special attention to minors suffering from **serious illnesses**.

Our mission is to offer them a respite, an experience that allows them to disconnect from the hospital environment and simply **feel like children again**.

This commitment comes to life in our most emblematic project: **PortAventura Dreams Village**, a unique space where families can enjoy a free, magical, and adapted vacation in a safe and welcoming environment.

Thanks to charitable initiatives such as our **Charity Dinner under the slogan "A night that embraces many lives,"** which this year celebrates its 14th edition, we can continue supporting those most in need and, together, **build a more just and inclusive future**.

### The 2025 Beneficiary Entities are:

The **Enriqueta Villavecchia Children's Oncology Foundation** has been working with children and young people suffering from **serious, complex, or life-limiting illnesses** and their families since 1989, offering comprehensive support both in the hospital and at home, throughout all stages of the illness.

The project we are presenting is the **Victory Pavilion**, a pioneering space that seeks to offer a warm, welcoming environment with specialized care within the hospital, yet separate from the usual clinical setting. This space is designed so that **children and adolescents with cancer or serious illnesses can enjoy recreational, educational, and emotional activities that contribute to their well-being during treatment.**

The Victory Pavilion not only improves the quality of life of patients but also allows us to **work closely with families, strengthening their resilience** and providing them with emotional and social tools to cope with the impact of the disease.

The **La Muntanyeta Foundation**, a leading center in the province of Tarragona, has been working for over 50 years to serve people with **cerebral paralysis and multiple disabilities**, supporting them throughout their lives through special education school services, an occupational workshop, and a residential home, with the goal of promoting their inclusion, autonomy, and well-being.

The project we highlight is the new **La Muntanyeta residential home**, which will open this summer in Bonavista, Tarragona. This **pioneering complex**, organized into residential units, will provide comprehensive, continuous, and **personalized care to people with significant support needs**. This center has been designed with the dignity and quality of life of its users in mind, ensuring accessible, warm, and adapted spaces.

Beyond medical care and assistance, the project aims to create a **true community where each person can develop their potential**, actively participate, and receive the human support they need.

**PortAventura Dreams Village** is a PortAventura Foundation project that, for the past five years, has offered free, tailored **vacations to children with serious illnesses and their families**, in a safe, accessible, and exciting environment.

Since its opening in 2019, the Dreams Village has welcomed **more than 900 families from across the country**, thanks to collaboration with leading hospitals such as **Sant Joan de Déu, Vall d'Hebron, and Niño Jesús in Madrid.**

More than a place of relaxation, it is a space where leisure becomes a tool for emotional well-being, where **families can reconnect**, and children can enjoy simply being children again.

A project that symbolizes the PortAventura Foundation's **commitment to inclusion, emotional health, and the right to childhood.**

## The venue: “Sala Roma” Convention Center

The 2025 evening will begin with a **cocktail reception** followed by the Gala Dinner. There will be **performances, raffles, shows, and lots of fun.**

With capacity for **more than 1,200 people**, the **Dinner** will be spread across **120 tables of 10 people each**. This space, like the rest of the rooms and common areas of the Convention Center, has natural light.

The building has been integrated into the Mediterranean setting where the Convention Center is located, with special consideration given to aspects such as **sustainability and environmental protection.**

### The Solidarity Dinner: Last Edition 2024

For the **thirteenth** year, the PortAventura Foundation held its traditional **Charity Dinner** at the **PortAventura Convention Centre**.

The event brought together **more than 1,200** diners, including **individuals, companies, public entities, and charities**, who enjoyed a dinner full of surprises and shows for a good cause, under the motto "**Let's dream for a better future.**"

The entire proceeds, which last year **reached €125,391**, breaking the **historic fundraising record for the 2023 dinner**, were donated equally to support the projects of the **Fundació Casa Sant Josep per a la infància – Xarxa Santa Tecla**, the **Fundació de l'Universitat Rovira i Virgili**, and the **PortAventura Foundation's Dreams Village** project.

That same morning, a **teambuilding** session took place at PortAventura World with the teams formed by the event's sponsoring companies.
